# LITTLE CUYAHOGA RIVER DAM REMOVAL PROJECT

*Akron- Little Cuyahoga River*

*HUC12 #: 041100020304*

## PROJECT OVERVIEW

A prioritized failing dam on the Little Cuyahoga River is slated for removal with this project. This project will assist in enhancing the fish habitat, fish passage, general safety and stability, as well as the structure of the stream.

The AOC has specific targets to meet before it is taken off the list of impaired waters, or “delisted” as outlined by the Great Lakes Water Quality Agreement (GLWQA).

The Advisory Committee developed a plan to identify and rectify the Beneficial Use Impairments (BUIs) to categorize criteria for restoration and create benchmarks toward achieving the goals of delisting.

Learn more about the status of the Cuyahoga River AOC Management Action progress and current state of the delisting efforts at [www.cuyahogaoc.org](http://www.cuyahogaoc.org).
